presents

NPFM5: NonProfit Financial Management

A suite of 5 training sessions in financial management for the nonprofit sector

An Exciting Opportunity

NPFM5 is a suite of 5 training sessions by Community Compass which equips Treasurers, CEOs, Board Members and Administrators of Nonprofit Organisations in financial management. These sessions are invaluable for leaders of NFPs to gain skills, to increase knowledge and find a safe place for gaining understanding in financial management and asking those difficult questions. These sessions are practical, affordable and tailored to the needs of the participating organisations.

For further information contact Adele at Community Compass.

Community Compass

We are a not-for-profit organisation on the Central Coast NSW which assists other not-for-profit organisations by providing affordable and accessible financial training and services. Since 1991, we have worked with hundreds of community groups to help them navigate the challenging financial landscape of the not-for-profit sector.
